The Interviews

<u>Directions:</u> Each group of questions in this section is based on a set of conditions. In answering some of the questions, it may be useful to draw a rough diagram. Choose the response that most accurately and completely answers each question and blacken the corresponding space on your answer sheet.

<u>Questions 1–6</u>

Each of six job candidates—Felix, Gilly, Harry, Inga, Jade and Kelsey—must be interviewed by one of three managers—Rob, Sarah and Todd—in consecutive time slots. No two candidates will be interviewed at the same time and no interview involves more than one manager. Each manager must interview at least one candidate. The interviews must be scheduled in accordance with the following conditions:

After Sarah's second (and final) interview, Rob must interview exactly one candidate.
Rob interviews neither Jade nor Inga, but must interview Felix.
Todd does not interview Jade.
Rob interviews neither the first nor the last candidate.
Inga is interviewed second.
No manager may interview consecutive candidates.
Harry is interviewed immediately after Felix.

1. Which one of the following is an acceptable matching of candidates with managers, listed from the first interview to the last?
